Good morning Patrick .

I trust you are thriving.

A note to say that [REDACTED] s40 (copied above) and I caught up with our respective teams yesterday. I mentioned that you were bringing together senior funders - the Exec Chairs of EPSRC, MRC, ESRC and STFC to discuss how we achieve greater coherence of research data infrastructures (ADRUK , SDRUK, DARE UK, BRUK, HDRUK etc) for UK benefit

As ONS is providing fantastic leadership and innovation in this space through its IDP development [REDACTED] s40 would be happy to support the discussion

Hope this helps

All best wishes

Andrew
