Subject: EPSRC (CS) Engineering Panel Spreadsheet
Attachments: Engineering Proposals.xls

Hi [REDACTED]

Please find attached a copy of the Engineering Proposal Spreadsheet:

Proposals in green are out for PI response
Proposals in yellow are at 'await usability check'

I would be grateful if the team could push through any that are ready for Panel to PIs for response, add reserve reviewers, or sift, as required.

Just a reminder that the 'cut-off' for this meeting is 29th May and the introducers will need to be added by Friday 31st May. ([REDACTED] is still chasing for Panel Members)

Also, I would be grateful if you could confirm that we will still need a 2 day meeting, given the volume of proposals.

Thanks
