Dear ███████████,

Freedom of Information request: FOI2023/00996

Thank you for your Freedom of Information request received on the 14 December in which you requested the following:

Your request:

Under FOI I would like to know how many projects under the group application are due to receive funding and how many under the individual application process are due to receive funding and how much in total has been allocated to the individual applications.

This is for the two competition strands:
- *Collaborative AI Solutions to improve productivity in key sectors*
- *AI Solutions to improve productivity in key sectors*

Our response

I can confirm that UK Research and Innovation (UKRI) hold information relevant to your request. Please see the information below.

Collaborative AI Solutions to improve productivity in key sectors:
- Applications Funded: 28
- Partners Funded: 118
- Funding Awarded: £25,974,693

AI Solutions to improve productivity in key sectors:
- Applications funded: 75
- Partners funded: 75 (all single partner applications)
- Funding awarded: £5,989,470

Until these steps have been completed accurate total funding amounts cannot be confirmed.

Once these checks have been completed and the projects have moved past the setup phase and are live, their information, including total funding amount, will be published in the [Innovate UK Transparency Data](https://www.ukri.org/publications/innovate-uk-funded-projects-since-2004/)[1].
