Dear [REDACTED]

Our ref: IDA 276196

Thank you for your request made under the Freedom of Information Act 2000. Because it concerns environmental information we have considered it under the terms of the Environmental Information Regulations 2004.

You requested a list of all 'felt' hydrofrac earthquakes with date, time and strength, that have been registered around the Fylde during the 21st Century. Please find attached a spreadsheet containing these details.

I hope this fully answers your questions. If you feel we have failed to comply with your request in accordance with the requirements of the Regulations, you have the right to ask for an internal review (Regulation 11). Internal review requests should be submitted in writing within 40 working days after the date on which you believe we failed to comply with the requirements – normally the date of receipt of our response to your request. This should be addressed to The Complaints Officer at NERC, Polaris House, North Star Avenue, Swindon, Wilts SN2 1EU. There is no charge for this review.

Please remember to quote the reference number above in any future communications.

If you are not content with the outcome of the internal review, you then have the right to apply directly to the Information Commissioner for a decision. The Information Commissioner can be contacted at the Information Commissioner's Office, Wycliffe House, Water Lane, Wilmslow, Cheshire, SK9 5AF. Telephone: 08456 306060, or: 01625 545745. Subject: Freedom of Information request - 'Felt' Hydrofrac Earthquakes around the Fylde, Lancashire.

Dear British Geological Survey,

Please could you list all 'felt' Hydrofrac Earthquakes with date, time and strength, that have been registered around the Fylde during the 21st Century?

Many thanks,

Yours faithfully,

[REDACTED]
