Dear [REDACTED],

Freedom of Information request: FOI2024/00393

Thank you for your Freedom of Information request received on the 9 May in which you requested the following:

Your request:

Just two follow up questions:

From what you've said, King's College London is the organisation eligible to hold UKRI grants but not UK ICE. So what type of entity is UK ICE?

You don't have a breakdown of funding for UK ICE do you i.e. staffing costs/research?

Our response

I can confirm that UK Research and Innovation (UKRI) hold information relevant to your request. Please see the information below.

- 1. King's College London is the organisation eligible to hold UKRI grants but not UK ICE. So what type of entity is UK ICE?***

King's College London (KCL) has a formal legal existence as an academic institution and meets the criteria for eligibility to hold UKRI awards.

UK In a Changing Europe (ICE) is not an eligible Research Organisation and so cannot itself receive UKRI awards.

A list of organisations eligible to receive UKRI awards, and the basis for eligibility, is found here:

<https://www.ukri.org/apply-for-funding/how-to-apply/check-if-you-are-eligible-for-research-and-innovation-funding/>¹

We provide funding to KCL to support activities they choose to describe as 'UK In a Changing Europe', and they further choose to describe UK ICE as an "Academic Think Tank".

There are no UKRI rules limiting how a UKRI award may choose to describe itself.

More guidance about the eligibility criteria and costing descriptions is available here:

<https://www.ukri.org/publications/esrc-research-funding-guide/esrc-research-funding-guide-for-the-ukri-funding-service/>²

- 2. You don't have a breakdown of funding for UK ICE do you i.e. staffing costs/research?***

Please see a breakdown of costs against each funding title over the next page:
