## **Our response**

I can confirm that UK Research and Innovation (UKRI) hold information relevant to your request.

We estimate that the cost of complying with your request would exceed the appropriate statutory limit as specified within Section 12 of the FOIA which for UKRI is set at £450. This represents the estimated cost of 18 hours of staff resource on locating, retrieving and extracting the information.

We do not currently hold this data in the format you have requested. We have determined that to retrieve the requested data would require extensive time to locate and manually review hundreds of individual contracts in order to classify these into the specific roles you have requested. Further resource would then be required to collate the additional details, e.g. rates, and provide this data to you in the format requested. From our reasonable estimates, this would take over 18 hours of staff time, and therefore would exceed the cost limit. Due to the nature of the information requested, we unfortunately have no further recommendations as to how you could narrow down or refine your request to bring it under the cost limit.

Consequently, UKRI is not obliged under Section 12 of the FOIA to process your request any further.

If you have any queries regarding our response or you are unhappy with the outcome of your request and wish to seek an internal review of the decision, please contact within the next 40 working days:

If you are still not content with the outcome of the internal review, you may apply to refer the matter to the Information Commissioner for a decision. Generally, the ICO cannot make a decision unless you have exhausted the review procedure provided by UKRI. The Information Commissioner can be contacted at: [www.ico.org.uk](http://www.ico.org.uk).

If you wish to raise a complaint regarding the service you have received or the conduct of any UKRI staff in relation to your request, please see UKRI's complaints policy: <https://www.ukri.org/about-us/policies-and-standards/complaints-policy/>
