Subject: Open Access Economic Impact Assessment - published today

Dear [REDACTED],

I am emailing to let you know that the Publishers Association is today making public an economic assessment report (conducted by FTI Consulting) on the impact of the proposed Open Access policy.

The link to the document on our website is below:

<https://www.publishers.org.uk/publications/economic-impact-assessment/>

This report is intended to add to the body of evidence you are considering as part of your review process and we hope can help bolster the economic assessment being undertaken internally.

Please also note that the report has been shared with BEIS and was also shared with Professor Leyser directly yesterday.

I would be really happy to informally brief you on the background to this piece of work at any point should you find that useful in the coming days or weeks.

Best wishes,
Dan

Daniel Conway
Director of External Affairs
Publishers Association
