1. Background and methodology

Background and methodology

The UKRI People Survey was made available to all colleagues across UKRI via the following methods:

- Online survey emailed to work accounts
- The option of completing the survey over the telephone with one of the DJS Research project team

The survey was live between **22 April** and **17 May 2024**.

This report provides a summary of the results for **NERC - Head Office**, with comparisons to the UKRI average.

The survey questions were designed in close consultation with colleagues across UKRI through focus groups and a user-testing pilot. The survey explored topics such as:

- Engagement
- Line management and senior leadership
- Learning and development
- Performance management
- Objectives and purpose
- Team working
- Pay and benefits
- Resources and workload
- Inclusion and fair treatment, discrimination, bullying and harassment
- Health, safety and wellbeing

A guide to this report

Rounding

Results are presented as whole numbers for ease of reading and interpretation. Rounding is performed at the last stage of calculation for maximum accuracy. Therefore, where results are presented as % (percent) positive, % (percent) neutral or % (percent) negative, there may be instances where the results do not total 100 percent.

% (percent) positive

Where results are shown as positive percentages (% positive), these are calculated by adding together positive responses (e.g. “strongly agree + agree”) and dividing by the number of respondents who answered the question.

Confidentiality

It is DJS Research's practice not to present the results of groups to the extent where the confidentiality of individuals may be compromised. Results for teams or departments where **fewer than 10 responses** have been received will not be presented in the reports. However, their data will still contribute to the scores for their council/area and the organisation overall.

Council/area labelling

Some questions within the survey asked colleagues to consider their council or area specifically and not UKRI as a whole. Throughout this report, where we show the term **[council/area]**, this indicates where a question was asked of a person's council or area and not UKRI as a whole.

2. Headline findings

Average scores per survey theme (1)

Engagement with UKRI 57 Difference to UKRI -2 Difference to parent* +4	Engagement with NERC 71 Difference to UKRI +5 Difference to parent* +12	My work 70 Difference to UKRI -4 Difference to parent* -4	Objectives and purpose 65 Difference to UKRI +4 Difference to parent* +9	My manager 79 Difference to UKRI +1 Difference to parent* +1
Support for managers 71 Difference to UKRI -1 Difference to parent* -2	My team 82 Difference to UKRI +1 Difference to parent* +3	Learning and personal development 53 Difference to UKRI -4 Difference to parent* -3	Pay and benefits 44 Difference to UKRI -2 Difference to parent* +1	Resources and workload 64 Difference to UKRI -2 Difference to parent* -1

The scores shown above are calculated by applying a weighting to each response on the 5-point agreement scale. This approach means that a score of 100 is equivalent to all colleagues saying strongly agree to all questions in the section, while a score of 0 is equivalent to all colleagues saying strongly disagree to all questions.

*Parent = NERC

Average scores per survey theme (2)

Inclusion and fair treatment	Health, safety and wellbeing	Senior leadership within UKRI	Senior leadership within NERC
71 Difference to UKRI -2 Difference to parent* -1	65 Difference to UKRI -2 Difference to parent* +2	53 Difference to UKRI -2 Difference to parent* +2	63 Difference to UKRI +3 Difference to parent* +13
Managing change	Organisational culture	Experienced discrimination	Experienced bullying or harassment
52 Difference to UKRI -2 Difference to parent* +2	68 Difference to UKRI -5 Difference to parent* -3	9% Difference to UKRI 0 Difference to parent* 0	10% Difference to UKRI 0 Difference to parent* 0

Please note, the figures for 'experienced discrimination' and 'experienced bullying or harassment' reflect the proportion of colleagues who have experienced these. As such, whereas a higher figure is positive for other theme scores, it's negative for these two.

The scores shown above are calculated by applying a weighting to each response on the 5-point agreement scale. This approach means that a score of 100 is equivalent to all colleagues saying strongly agree to all questions in the section, while a score of 0 is equivalent to all colleagues saying strongly disagree to all questions.

I feel that my pay is fair for the work that I do		46%
I have the opportunity to contribute my views before decisions are made that affect me		45%

Note: only agree/disagree scale questions asked to all colleagues are included in this analysis. Yes/no questions and agree/disagree scale questions not asked to all have been excluded to ensure consistent and like for like comparisons.

3. Employee engagement

Engagement with UKRI

Base: All respondents. Note: data labels <5 percent not shown. Scores in the “difference” column show arrows to denote where the report score is at least **5 percent above** or **5 percent below** the comparator.

*The employee engagement index is calculated by applying a weighting to each response on the 5-point agreement scale. This approach means that a score of 100 is equivalent to all respondents saying strongly agree to the four questions in the above table, while a score of 0 is equivalent to all respondents saying strongly disagree to all four questions.

4. Open text themes

What one change would improve your working life at UKRI? (coded themes from open text comments)

Base: All respondents. Only showing responses of 2% and above. 46% No comment.
