Dear [REDACTED],

**Freedom of Information request: FOI2023/00153**

Thank you for your Freedom of Information request received on the 24 March in which you requested the following:

**Your request:**

*I am looking for data on NERC responsive mode panel membership and awarded grants.*

*For BBSRC I was able to get the data I needed quite quickly through the website but for NERC it seems to be arranged differently. Gateway to research had the data but didn't seem to break it into the individual rounds/panels.*

*I need to find data for all responsive mode panel membership from 2010-2021, for each round I need the panel, name, institution, and role.*

*For the awarded grants I was able to find the data from also need for each round the panel, reference, name, institution, project title, and requested value.*

**Clarification received 05/04/2023**

*It looks like what I need is for Standard Grant and I need please panel membership for 2017 and 2018, plus if there were rounds then I need January 2021 and July 2022. For awarded grants I need to find please all records for 2016, plus July 21 and all data for 2022 if available.*

**Our response**

I can confirm that UK Research and Innovation (UKRI) hold information relevant to your request. Please see the information below and attached.

For your request for the panel membership for the standard grants, I have attached the membership lists for 2017, 2018 and January 2021. The membership list for July 2022 is published online at the link below.

Standard Grant 2017	Attached - JAN17- July 18 Standards - Panel List for Web
Standard Grant 2018	
Standard Grant January 2021	Attached - JAN21 Standard Panel Memberships
Standard Grant July 2022	This information is not held - the standard grant call has stopped now, and we have moved to the 'Pushing the Frontiers' grant.

For awarded grants, this information - panel, reference, name, institution, project title, and requested value - is available on Grants on the Web, at the following links below. Please cross-reference the Grants on the Web results with the panel Outcomes documents.
