As Innovate UK operates a rigorous approach to assessment, discussions are not entered into relating to scientific or technical decisions concerning an application for a grant or innovation loan. Complaints are investigated to assess adherence to established procedures and ensure decision-making has not been impacted.

There is a complaint process available if there are any issues relating to the conduct of Innovate UK, which includes any issues surrounding grant awards. Details of what will and will not be accepted as a complaint can be found in the [Innovate UK complaints procedure](https://www.gov.uk/government/organisations/innovate-uk/about/complaints-procedure)<sup>2</sup>, along with further details on [decisions for grant or innovation loan applications](https://www.gov.uk/government/organisations/innovate-uk/about/complaints-procedure#technical-decisions)<sup>3</sup>.
