Dear [REDACTED],

**Freedom of Information request: FOI2022/00345**

Thank you for your Freedom of Information request received on the 21 October in which you requested the following:

**Your request:**

*As part of my PhD research, I am looking into UK-funded tech projects. I appreciate this is a very broad topic. However, I noticed on your website (which is superb btw), that you have access to public information on grant/fund competition winners, the link to which is below:*

*<https://www.gov.uk/search/transparency-and-freedom-of-information-releases?organisations%5B%5D=innovate-uk&parent=innovate-uk>*

*Unfortunately, I can only find this for the years 2014 and 2015 (as attached). Do you have access to such information for more recent years, such as 2016 to 2022?*

*What I am interested in is which companies (not just the lead, but all companies involved) were awarded funds.*

*I also read in the FOI page the results of UK-China Partnerships funding. Do you have more information in relation to other UK-China funding partnerships between the years 2012-2022? I have attached the one from 2014 also as a reference.*

*If so, I would be grateful if I would be able to access them as it is invaluable to my research.*

**Our response**
