Thanks [REDACTED]

I appreciate the follow up and the approach sounds good to me.

I will make sure the lines and contact are in our on call pack for the weekend and Christmas break period. Hopefully we won't need to use them but it's best to be prepared of course.

Best wishes,

[REDACTED]

Subject: InfraFund Update & Contacts over Christmas

Hi [REDACTED]

As a summary of this morning's discussions since we caught up:

1. The Minister won't be able to look today and is unable to be contacted [REDACTED]
[REDACTED]
2. We expect a decision tomorrow morning and to be able to communicate decisions by 12 noon
3. All teams have updated their comms cascade plans with the LHCb one still being finalised
4. I've implemented the changes you advised in the v3 Q&A and have added draft lines to take on International.
5. In case we don't get a decision from the Minister, we've planned for a Plan B, which would be reminding all who know of the outcomes of the ExCo paper than this information in embargoed until Ministerial approval is received and therefore embargoed until 5 Jan.
6. The risks of point 5 have been highlighted to [REDACTED] is being kept in the loop, or has been keeping us in the loop, on points 2 & 3.

Best wishes,
